Adding fractions with the same denominator

These get harder as you go down. Do them in order.

1. **1/2 + 1/2**
   Both are 2ths, so the bottom stays 2.

2. **1/3 + 1/3**
   Both are 3ths, so the bottom stays 3.

3. **1/4 + 2/4**
   Both are 4ths, so the bottom stays 4.

4. **4/5 + 1/5**
   Both are 5ths, so the bottom stays 5.

SAMPLE PAGES

You have read a few pages. The pack is longer.

What you are holding is a short sample, taken from different parts of the pack so that you can see how a week is planned and what a child is actually asked to do, before you decide.

The complete pack, and the rest of the academic materials, are on our website: schemes of work for a parent teaching at home, and practice packs for the skills children get stuck on.
